1: RECOMMENDED USE

A two part water based epoxy waterproof membrane.

2: HAZARDS IDENTIFICATION

UN No	: None	Hazchem Code	: None
Hazard Class	:	Poisons Schedule	: None
Subsidiary Risk	: None	CAS No	: None
SPEC EPG	: None	G T EPG	: None
NIOSH	:	Packing Group	: None
D G Class	: None	IMDG	:

3: PHYSICAL DESCRIPTION & PROPERTIES

Appearance	: Paste with mild odour	Flammability Ltd	: Non flammable
Specific Gravity	: 1.0 – 1.4	Boiling Point	: 100°C water
Form	: Fluid paste	Melting Point	:
Vapor Pressure	: Approx. 2.3kPa water	Flashpoint	: N/A
Solubility in Water	: Not soluble; emulsified in water	Other	:

4: COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Name	(CAS No)	Content Proportion
: Epoxy Resin	: 25085-99-8	: Medium
: Water	: 7732-18-5	: Medium
: Pigments	: Not allocated	: Medium
: Proprietary Additives	:	: Low

Contents : **H**igh >60% **M**edium 10 – 60% **L**ow 1 – 10% **V**ery Low <1%

www.ramset.co.nz**6: PRECAUTIONS FOR USE****EXPOSURE LIMITS:**

Component:	Unit:	TWA	STEL	TWA	STEL	TLV	STEL
polymer	none:	none	none	none	none	none	none
Individual residual monomers	-	-	-	-	-	-	-
Water	mg/m ³	none	none	none	none	none	none

“-” not required

VENTILATION:

Use in well ventilated areas.

PERSONAL PROTECTION:Eyes

Use safety spectacles

Hands & Feet

Protective (PVC) gloves

Respiratory

None required under normal operating conditions. When mist occurs during spraying operations, wear an Australian Standards approved (or equivalent) disposable half mask dust/mist respirator.

Other**FLAMMABILITY:**

Not flammable

ENVIRONMENT:

This product should never enter waste water streams without pre-treatment. Waste method disposal should be to an industrial waste area or contact local waste disposal authority. In case of spillage, collect and place containers for disposal and absorb residual product with absorbent material. Wash area clean with water to remove slip hazard.

OTHER PRECAUTIONS:

The precautionary measures normally applied when handling chemicals are to be absorbed. Avoid prolonged contact with skin. N.B. very slippery underfoot.

www.ramset.co.nz**7: SAFE HANDLING & STORAGE****STORAGE & TRANSPORT:**

This product is not classified as a dangerous good under the provisions of the Australian Code for transport of Dangerous Goods by Road Rail or Air. No specific storage or transport requirements necessary. Store above 0 C.

PACKAGING & LABELLING:

No special requirements other than conformance with the Australian Occupational Health and Safety Act for Hazard Substances and the Australian Fair Trading Act.

SPILLS & DISPOSALS:Personal protection:

Appropriate protective equipment must be worn when handling a spill of this material. See the Personal Protection Measures in the Precautions for Use section for recommendations. If exposed to material during clean up operations, see the First Aid Procedures Section for actions to follow.

Procedures:

Collect spilled material and place in container for disposal. Clean up residual material using absorbent inert materials and place in containers ready for suitable disposal.

Waste Disposal:

Dispose of material at an industrial waste area or contact the local waste authority.

OTHER PRECAUTIONS:

This product is considered stable, will not undergo polymerisation, compatible with all building and construction materials.

8: FLAMMABILITY

Fire/Explosion hazard :
Extinguishing Media : Water mist, CO2, Foam, Dry Powder
May Decompose Explosively : No

Upper Explosion Limit : Not relevant
Lower Explosion Limit : Not relevant
Dust Explosion Limit : Not applicable

Other :

HAZARDOUS DECOMPOSITION PRODUCTS:

Carbon monoxide, carbon dioxide, nitrogen.

9: OTHER INFORMATION

None
