

DynaDrill™ | DD543 Rotary Hammer

Powerful drilling, medium duty chasing and chiselling

Function

The Ramset DD543 Rotary Hammer is a rugged, high performance medium duty drilling machine, capable of drilling into a variety of materials as well as light duty chiselling and chasing.

Features and Benefits

- Quick release long life R Drive Tool-holder for easy change to keyless chuck.
- Electro pneumatic impact mechanism.
- In-built safety clutch providing operator protection.
- Soft grip back and side handle, ergonomically designed for safe and fatigue free operations.
- 360° adjustable side handle.
- Sealed lubrication system for extended service intervals.
- Vibration damping mechanism for super smooth operation.
- Finger tip control for point start accuracy with variable speed adjustment.
- Variable 360° chisel lock.
- A wide range of quality R3 carbide bits, core bits and chisels.

Drilling Range

Drill diameter in concrete	5 - 26 mm
Drill diameter in steel	up to 13 mm
Drill diameter in wood	30 mm
Core cutting	40 - 100 mm
Optimum Drilling (concrete)	12 - 20 mm

Chisel Range

Point (length)	250 mm
Flat	25 mm
Spade	40 mm

Specifications

Rated input	750 watt
Rated output	440 watt
Rated speed	0 - 650 rpm
Impact rate	0 - 3900 bpm
Impact energy	0 - 3.5 J
Weight	3.9 kg
Tool holder	R Drive

*Supplied complete with carry case.
