

DynaDrill™ | DD565 Rotary Combi-Hammer

Heavy duty drilling and chiselling

Function

The Ramset DD565 Rotary Hammer is a versatile multiple use rotary hammer designed to get through the toughest job with ease. The DD565 incorporates many new innovative features that make it the ideal tool for those who want consistent hard work from a tool that can take it.

Features and Benefits

- Quick lock keyless SDS-Max.
- Electro pneumatic impact mechanism.
- Soft grip back and side handle ergonomically designed for safe and fatigue free operation.
- Including anti-vibration damping.
- Large selection switch for easy change from drilling to chiselling mode.
- Electronic monitor with constant electronic feed back features for optimum impact and power.
- In-built safety clutch providing operator protection.
- 360° adjustable side handle.
- Double insulated for operator safety.
- A variable 16 position chisel lock.
- Impact resistant polyamide case for added protection.
- Power and service indicator LED lights.

Drilling Range

Drill diameter in concrete	14 - 45 mm
Core cutting	45 - 125 mm
Optimum drilling (concrete)	18 - 38mm

Chisel Range

Point length	280 - 600mm
Flat	25 mm
Spade	50 - 115 mm

Specifications

Rated input	1100 watt
Rated output	650 watt
Rated speed	0 - 400
Impact rate	0 - 3000 bpm
Impact energy	10 J
Chisel positions	16
Weight (without accessories)	6.3kg
Tool holder	R3 max

*Supplied complete with carry case.

Noise

Sound pressure level	96 dB(A)
Sound power level	109 dB(A)
The typical weighted acceleration is	8.8 m/s ²
