

Vacuum Plate

for attachment to SDB80, CDBR130, CDBR350 Drill Rigs.

Integrated pressure gauge

Quick fit coupling to vacuum pump

Decompression valve

Adjustable screws

Dimensions: 420 x 210 x 25mm

Order no. S627600

Vacuum Plate Seal - Order no. S627610

Vacuum Pump

for use with SDB80 Rig.

0.48kw, 220V, 4.5amp, 50-60hz

10 litre vacuum tank capacity

Maximum pressure 8 bar

Produced volume 5.9m³/hour

Dimensions 340 x 360 x 620mm

Order no. S172300

Seal for vacuum plate - Order no. S624550

Vacuum Plate

for attachment to CDBR350 Drill Rig.

Quick fit bolt

4 levelling screws

Can be used in combination with vacuum plate

Order no. S624540

Seal for vacuum plate - Order no. S624550

Water Collector

for attachment to CDBR130, CDBR350 Rigs

External diameter of 192mm

Maximum diameter core drill - 130mm

Can be used in combination with vacuum plate

Order no. S627800

Set of 5 membranes for water collector

Order no. S627610

Quick release bolts

M12 for fixing into drop-in masonry anchors to secure drill rigs.

Order no. S622220
